New Grayling Housing Commission Holds Its Organizational Meeting

The new City Housing Commission, named by the Grayling City Council at its meeting on July 27, held its first organizational meeting at the City Hall last Thursday evening.

Named the Commission President was Leon Rochette with Frank L. Bond selected as vice-president. City Manager Harold S. Cliff will serve as secretary for the commission. Other members are Lora Gould, Charlied Goss, and Burton McWilliams.

Following the meeting a question and answer period was held with Jack D. Cronk of the firm of Harbey, Edington, Cowin and Sturton, Inc., answering the queries. The firm was selected by the Commission to be its consultant in the application for funds to construct public housing for the elderly.

This type of program is 100% financed by the Federal Government but would be operated by the City of Grayling through the Housing Commission. No site or building design has been selected awaiting the approval of the application.

The program if approved would be about 9 to 12 months in the planning stage with another year for construction. Mr. Cronk said. He added that it should be stressed that this is not a medical care facility or convalescent home but rather a uniquely designed apartment dwelling for the elderly.

The firm is now active in five other Michigan cities on similar projects. The first designed in Michigan and operating for about a year now is in Dearborn. This firm acted as consultants in its design and construction.

It was pointed out that although Grayling would not put any funds into this project, there would be some revenue to the city from its operation.

The dwelling would be citizen operated through the city in all of its phases from design, construction and operation. The site yet to be selected would be centralized towards the shopping and business districts and churches.

For those interested, please fill out the following coupon and leave at or mail to the City Office, Grayling, Michigan.

STATEMENT OF INTEREST

Yes, I am (we are) interested in renting such an apartment in the City of Grayling Housing Project.

Depart Saturday

Hoosiers, Puerto Rican Guard in Tough Field Exercise

CAMP GRAYLING — Indiana's 38th Infantry Division passed in review last Saturday morning before Governor Matthew E. Welsh of Indiana, marking the mid-point in its 1964 summer field training here at Camp Grayling, Michigan.

More than 400 Hoosier Guardsmen marched together with 950 members of the Puerto Rican National Guard, who have also been training here this year. Also included were over 600 U. S. Army reservists who have been attached to the 38th for training this year. Most of these reservists are from Michigan, Indiana and Illinois.

The review marked a colorful climax to the Division's first week at Camp Grayling, a week highlighted by training inspections by Lt. General Charles G. Dodge, Commanding General, Fifth U. S. Army, and Major General Juan Cesar Cordero, Adjutant General for the Command of Puerto Rico.

Two decorations were presented to one of the Divisional units and to three individuals, including the Division Commander, Major General Howard S. Wilcox, who was awarded the Indiana Distinguished Service Medal. Also, the Puerto Rican Guard unit, commanded by Col. Salvador Torres, was presented two Michigan State flags, with City of Grayling streamers. The flags were

presented at a special formation immediately following the review by Mr. Jack Alet, President of the Grayling Chamber of Commerce. Also assisting in the presentation were the two Puerto Rican-born daughters of local businessman, Emil Kraus.

This week, the men of the 38th have moved into the field, where they will camp out under simulated combat conditions. Highlighting this week's training will be the firing of the nuclear capable " Honest John " rockets on Thursday. Also, at the demonstration, there will be a combined firing problem with the Artillery from the 38th and Armor units from the Puerto Rican Guardsmen.

Visiting dignitaries expected at Camp Grayling this week include Dr. A. Enthoven, Deputy Assistant Secretary, Department of Defense; Major General L. Moses, Deputy Commanding General, Fifth U. S. Army; and Major General A. Maroun, Commanding General, 5th Mechanized Division, Fort Carson, Colo.

On Friday, the Division will return to Camp Grayling, where it will prepare for the movement to home stations in Indiana. This move, which will require over 400 vehicles, will commence early Saturday morning.

Blood Bank Receives 74 Pints

Seventy-four pints of blood were collected for the Red Cross blood program when the Bloodmobile visited Grayling last Wednesday afternoon. One hundred eight people had appointments and there were seven walk-ins. Of this total 86 volunteers offered to give blood. No one is allowed to give blood if the examination shows it may be detrimental to them or to the receiver of the blood and hence some program had to be turned down.

One-third of the seventy-four actual donors were women and two-thirds were men.

Much work and planning went into this program and Mrs. Derek McEvers, County Red Cross chairman, and Derek McEvers, blood program chairman, wish to thank everyone for their help and support.

Dr. Paul Dosch and Dr. Clifford Polvin were the doctors in charge. Mrs. Edwin Funck was in charge of the volunteer nurses, who were Mrs. Fred Blaauw, Mrs. Joseph Hull, Mrs. Howard Morse, Miss Louise Feldhauser, Mrs. Claire Olin, Mrs. Ernest Larson, Mrs. Melvin Nielson and Mrs. Abbie Madill.

Mrs. William Heric was in charge of enlisting the canteen volunteers and also worked in the canteen. Her helpers were: Miss Susan Wiggins of Saginaw, Miss Mary Dunlop, and the Mesdames Laura McLeod, Bea Beery, Jean Elsey, Julia Kroll, Muriel Johnson, Barbara Johnson, Billyann Brown, Emma Knibbs, Mabel Martin, Rachel Kitchen, Treva Engel, Dottie Williamson, Theresa Johnson, Jeannette Kitchen, Nola Laurant, Elmira Heath and Hattie Russmussen.

Beverly Wells and Beatrice May were volunteer drivers.

Bob Bovee helped unload and load the Bloodmobile and was on hand all afternoon to help wherever he was needed.

St. Mary's Men's Club made and donated the donuts for the canteen.

Mr. and Mrs. McEvers also wish to thank the Rev. Charles McMahon and his recruitment committee, and Superintendent Joseph Stripe for the use of the gymnasium.

It is interesting to note that the Bloodmobile is equipped to take nine donors every fifteen minutes for a grand total of 216 donors in six hours.

It is no longer necessary for other organizations to have their private blood banks as all in need of blood in Crawford County will receive free blood from the Red Cross.

The next Bloodmobile will be in Grayling on December 4th.

Spanish Trip Nearly Over

By Cheryl Smock

EDITOR'S NOTE — This is the fifth article in a series written especially for the Avalanche by Grayling High School student Cheryl Smock who is spending the summer in Spain as an exchange student under the Youth for Understanding program.

August 13, 1964

Hola! Last week all of the students took a trip to Andalusia, which includes Cordova, Sevilla and Granada. Most of the trip was spent in traveling but we were able to see many interesting places.

We arrived in Cordova and spent the first day touring the famous Moorish mezzquita. In every city we toured that city by taking a carriage ride. This was my favorite part of the trip. In Sevilla we saw the largest cathedral in Spain and perhaps, in the world. We also climbed 35 floors to the top of the tower Giralda. The climb up was very tiring but we had lots of fun running down.

In Granada we visited the Alhambra. This was very beautiful and it too, was built by the Moors. At our hotel a water pipe was broken so we had very little water. You can imagine how dirty we were when we arrived back in Madrid. I believe everyone enjoyed themselves except one girl, who was sick during the whole trip.

On the 20th we will be starting home and will arrive in Detroit on the 23rd. There are so many things I want to do before leaving but time is scarce. Now, as I start on my last week here in Spain, I look back at the wonderful and memorable summer I have had. I am so thankful that I had this opportunity and I hope in future years Grayling will send more students on such a worthwhile program. Again I thank you for giving me this opportunity and I will see you all in ten days.

Grayling's beautiful new elementary building will be finished and ready for students from the kindergarten through the 6th grade at 1:00 p. m. Tuesday, September 8th. Kindergarten students will not start school however until Thursday, September 10th. The children will stay for about 45 minutes to enroll and meet their new teachers. On Wednesday, September 9th they are to come at 9:00 a. m. and go through a full day schedule in the morning. Buses will leave at about 11:45. The regular program will start Thursday with students coming at 9:00 a. m. and remaining all day.

On Thursday and Friday students should bring a sack lunch as Hot Lunch will not start until the following Monday, September 14th.

High school students will follow the same schedule and the procedure will be the same as last year except for one change. All students will report to the gymnasium at 1:00 p. m. Tuesday, September 8th.

The old building, which is undergoing extensive remodeling, will be ready with the exception of painting, which will be done during the year to give employment to local workers; and some other

changes which have been ordered by the Fire Marshall.

The high school will have the following additions which have been badly needed for so many years:

1. A large, adequate library with seating for 80 students.
2. New Chemistry-Physics lab with modern and adequate lab tables and storage cabinets.
3. New Biology - General Science lab with new two student lab tables, storage equipment and work space for experiments.
4. Expanded space and new Book-keeping and typing tables for the Commerce Department with an office practice room.
5. An Arts and Crafts room with equipment for an excellent high school art program.
6. An extra room for the Shop department so that the program can be expanded to include more metal and electrical training and Arc and Acetylene welding.
7. A language lab.
8. New equipment for the Homecoming Room.
9. 150 Double lockers.
10. Modern lighting in all rooms.
11. New bathroom fixtures in the original four bathrooms.

With the new Elementary School and the remodelled High School Grayling will have a school facility second to none in Northern Michigan.

The voters of Grayling School District and their Board of Education are to be congratulated on their foresight in planning for the future and for making available now the facilities and equipment that are so necessary if our children are to receive the type of education that will enable them to compete in the modern world.

County Gets High Market Rating

(Special to the Avalanche)

NEW YORK — On the basis of a national study of business activity, just released, Crawford County stands out as a solid, vigorous market, with a level of income and spending above that found in most communities.

Marked gains were made in its trading area during the past year as local families, with more money at their command, indulged in large-scale buying.

The facts are brought out in Sales Management's new copy-righted "Survey of Buying Power," which presents comparable income and sales figures for every section of the country.

The strong consumer buying in Crawford County enabled retailers to top their previous year's records. Local stores closed the year with a sales volume of \$7,650,000, an increase over the 1962 total of \$7,363,000.

From the stand point of population, this was more than should have been expected. With a local population equivalent to .0023 percent of the national population, the local volume of business should have been approximately that proportion of the national.

Actually, however, it went beyond that amount, according to .0031 percent of the national.

The spending surge was felt in varying degrees, in most parts of the country, is proved a boon to retailers generally, but benefited the automobile business more than any other.

The affluent public opened its purse strings wide, also, for other products. They bought more household appliances, more fancy foods, more books and magazines and did more traveling than ever before.

Never dive into a creek or river unless you know something about the stream. It may be less than a foot deep — and you may wind up with nothing but a headache — if you're lucky. It doesn't pay to take chances with the unknown.

By the same token, it's a good idea to know something about the people you do business with. Whoever your needs, your chances of getting satisfaction and service are always better when

you do business with the established local merchant. The local merchant builds a good business only when he builds with it a reputation for dependability and reliability. If you have somehow gotten out of the habit of looking first to the local business community, may we suggest you do so next time you need a particular product or service? We think you'll be glad you did.

Confusing the Confusion . . .

There is little doubt that the attitude of the American people toward foreign aid as now constituted has been changing and hardening. This does not mean that the nation is going isolationist; it does mean that there is more and more reasoned doubt that the mere spending of limitless billions will really add to the strength and influence of this nation abroad, and there is an equally reasoned feeling that the many countries on the receiving end of aid are sitting on their hands and doing very little to help solve their own problems.

This attitude certainly applies to aid for military assistance as well as for economic development and related purposes.

Moreover, the overall aid program seems to have gotten almost completely out of hand. According to Representative Passman who is chairman of the Foreign Operations Subcommittee on Appropriations, 26 federal agencies are now dispensing some type of foreign aid, and the total for this fiscal year may exceed \$7 billion, not including interest on borrowed money. He adds: "It is fantastic but true that our government will be dispensing funds during Fiscal 1965 in 99 nations and 9 territories. Furthermore, this uncontrolled and apparently uncontrollable program now has 71,416 people, including participants, on its payroll. It has reached such proportions that even the confusion is confusing."

Foreign aid—in scope, kind and dollars—is destined to be a major politico-economic issue in this country—an issue which soars beyond mere partisan consideration.

State's Finances Appear to be in Good Position

DOLLAR-SOUND

Final audits will not be completed until mid-September, but tentative figures on activity during the fiscal year ended June 30 indicated a good financial position for the state.

In addition to providing a clean state for the 1965 legislature to work with, the fact that Michigan's books are again in the black provides major political fodder for the coming campaign.

Republican Gov. George Romney will undoubtedly claim much credit for having eliminated the \$85 million general fund deficit and putting nearly \$50 million in surplus on the books.

Legislators of his persuasion also were given some credit for the fiscal stability by Romney in a recent announcement of the financial position.

Romney said it was largely due to the thrifty attitude of GOP lawmakers in writing budgets that Michigan was able to retire its debt and get some extra funds in the public coffers.

Democrats will take a different view this fall in the campaign. A batch of so-called nuisance taxes reimposed since 1860 and new ones enacted into law rather than levy a state income tax will be blamed by Democrats on the Republican legislators.

Democrats will claim that these new taxes, enacted during the final year of Gov. John B. Swainson's term, were totally responsible for the increase in revenue this year to \$610 million. This was the figure, they will say, that made the surplus possible.

Romney also will put some credit for the surplus to several spending studies by task forces which recommended money-saving methods to several state agencies.

Perhaps most difficult to evaluate is who or what should really get the credit for the increased revenue.

Some factors outside the executive office and legislative halls certainly must be considered. Three consecutive boom years in the auto industry provided additional spending money in pockets, part of which went to the state in taxes.

Another certainty is that the state seems to come from a bottomless several lean years previously made well.

THE water's fine

Last summer she screamed when we took her near the ocean. Now she loves to splash around under her parents' watchful eye. One day she'll be swimming out past the breakers and riding in on a wave.

How does one explain this emerging courage? It is a combination of growth, training and confidence. And no two alone are sufficient — it takes all three.

These three have also their spiritual counterparts. From the day religious education commences, a child begins to show evidence of spiritual growth. This is followed by an aptitude for learning the simple but profound truths of Christian belief and practice. Ultimately we see evidence of a deep and enduring confidence in God — the magnificent quality we call Faith. Then moral courage, true character, emerges in the lives of our sons and daughters.

A vast spiritual ocean touches every shore of life. And those who once venture into the surf are never again content just to loll on the beach.

PONY TALES

By JANET W. OLSON

Your pony can have a cold or flu and feel as miserable as you do if sick. It is wise for you to watch for signs that mean your pony is not feeling up to par. A well healthy pony has an alert expression with bright eyes and ears that prick up at an instant when hearing a new sound or movement. He will wait anxiously for his food and finish all his grain. A pony that doesn't feel well will usually lose his appetite and be content to stand still or lie down, his coat will lose its shine and often stand up roughly. If your pony doesn't seem to feel well have a vet check him as soon as possible.

Teeth can cause trouble as they will often wear down unevenly and become rough and short and cut the side of the pony's mouth and tongue making it impossible for him to chew properly.

Worms are the most common reason for a pony to feel and look badly. Always once a year and better twice a year worm your pony. You can't completely prevent your pony from having worms, but if you can help you get rid of them from him. There are many fine worming preparations on the market. These are given according to body weight so be careful when giving them. No matter how well you feed and care for your pony, if he has worms it is impossible to keep him looking as he should. A pony with worms will have a bloated stomach; dull eyes, and will often rub his tail against a tree or fence post. Every pony may at times cough but if this cough persists your pony may have "heaves". This can be caused from a pony eating feed or poor quality or feed that is dusty or moldy or sour. "Heaves" can not be cured, but they can be helped if you get an early start in treating them. Your pony can still live a happy useful life. Never ride your pony if he shows signs of a cough or cold. Colic in a pony is the same as a stomach-ache in you. Ponies can not vomit and if they eat something that doesn't agree with them they really do suffer. Colic can also be caused by a sudden change of feed, too much feed at one time, drinking water after eating grain or feed that is sour or moldy. If your pony has eaten too much of something that you know isn't good for him, such as too many apples from the orchard, or too much grain, don't wait for the colic to start, but shut him in his stall, take away all feed and call your vet. There are two kinds of colic, spasmodic colic and flatulent colic. Spasmodic colic causes a sharp stomach ache while with flatulent colic the pony's stomach may be so swollen up that he can hardly stand.

If you are inexperienced don't try to treat colic with out the advice of your veterinarian.

Anyone having a question concerning ponies, may write to Pony Tales, c/o Avalanche and your questions will be answered in the column.

William L. Marwinske of Saginaw stopped in the Avalanche for a visit last Wednesday. He was spending several days with his brother-in-law, Mr. and Mrs. Herbert Schnettler at their cabin on the main stream of the Ausable.

Mr. Marwinske said he came to Grayling in 1893 when he was 17 years old and worked for a George Langevin as a barber in the building now torn down, but last occupied by the Do-Nut Shop.

Mr. and Mrs. Earl Ferguson visited in Sigma and the southern part of the state and attended a gathering of fifteen or so relatives.

Mr. and Mrs. Frank Morrow, niece Stefanie and nephew Ricky Turnbill of Lincoln Park spent last week vacationing here at the Morancy Cabins.

Fred Waite saw an item in the August 2nd Bay City Times telling that a Francis J. Waite of that city had his original driver's license issued on Aug. 15, 1918. Well Fred has his too and it was issued the day before. At the time they were to be a life time permit.

Mr. and Mrs. Jack Barber and son Mark and his friend Mark Hill of Dearborn are spending a two week vacation at the Nelson cottage at Lake Margrethe and also visiting his parents, the Foryst Barbers.

Mr. and Mrs. Charles Hooper moved here from Grove City, Ohio, a couple of weeks ago. She is the former Ruth Loper, and they are living in her former home on Mikado St.

Carl Waite Wins Naval Promotion

Bits O' Talk

The H. O. Buckemans left Monday to establish a home in California, stopping first in the U. P. and then Minneapolis to see relatives.

Mrs. Bill Joseph picked up her daughter and cousin Nancy Knibbs at Eaton Rapids last week after they had spent several days visiting Marilyn's grandparents, the Vern Huntingtons.

Mr. and Mrs. Leonard Knibbs, Jimmy and Holly were in Springfield, Ohio on business weekend before last.

Mrs. H. Longdyke's vacation at the Hideout became official when she recently deposited Doreen at Camp Westminister on Higgins Lake. Mrs. L. and daughter Joanne took a quick trip to the upper peninsula and visited the Island where Mrs. L. walked back from a buggy ride when the horse got too frisky. From there the two took the boat trip through the Soo Locks and then on to Paradise to view the Tahquamenon Falls. On their return trip they stopped to visit Mrs. William Robinson at her cottage in Cheboygan and found her in the Community Hospital with the flu. Upon arriving back at the cabin the two were greeted by Mr. Longdyke and Mr. and Mrs. Arthur Collins who had driven up for the weekend. Mrs. Collins got so relaxed she couldn't get up the ambition to return to Grand Blanc so the men returned to their respective homes while Mrs. Collins stayed on with Mrs. L. for a week. Joanne and her husband Harold spent a week in the pine country dividing their time between the Hideout and Higgins Lake where Harold's parents are vacationing. Incidentally the Collinses, who have been friends of the Longdykes for a good quarter of a century, recently purchased a cottage on K. P. Lake.

Mr. and Mrs. Wm. LaChapelle drove his mother, Mrs. Cecil Raup to Honey Harbor, Ontario, Thursday, where she will visit her sister and husband, Mr. and Mrs. Ray Carpenter, for two weeks. They returned home Saturday.

Weekend guests of the Chum Longworths were his son and wife, the Tim Longworths of Saginaw. Friday to Sunday. They were joined Sunday by Jill Byron, J. J. Campau, Beth Schindhette and Ron Stock of Saginaw.

SUMMER RESIDENT DIES SUDDENLY

Robert Dickson, 62, passed away unexpectedly last Thursday morning at Gravelly Mercy Hospital following a sudden illness at his home on Lake Margrethe. Mr. Dickson has been a summer resident for around 40 years.

He is survived by his wife, Louise, and daughter, Mrs. Jane Olson, and two granddaughters, Sara Jane and Jennifer Lee.

Funeral services were held Monday, August 17, 1964, in Fostoria, Ohio, with burial in the family plot there.

Moose Lodge Activities

We had a very large crowd at the club Sat. night. It was also a very orderly one.

Sunday the weather man wasn't as good to us as he could have been. We had our annual picnic at Manistee Lake, however a nice crowd was on hand to enjoy games, picnicking and just getting together. The ladies tug of war ended in a tie. Winners of the two largest prizes were John Galloway, first prize, and Stu Holland, 2nd prize. Our thanks to the picnic committee for all the work and planning that they did, and to Charlie Pemberton for the large tent that he donated to the lodge for such occasions.

This Friday is meeting night. All members are urged to attend. This is where you bring your complaints that you might have, and present your ideas for a better Lodge and a better community. The meeting will start promptly at 8:00 p.m. as a band from Indianapolis, Indiana, is planning on playing at the club Friday starting about 9:00 to 9:30. If you can make it, this will be their only appearance.

A new film from Moosehart has arrived, about Moosehart and Moosehaven. We are planning on showing it at the lodge this Saturday at 8 p.m. This will be a good time for members of both the L.O.O.M. and W.O.T.M. who have prospects, to bring them in and show them what the Moose Lodge is doing, and what they can do for a member. To non-members who wish to see the film, contact any Moose member, and they will gladly see to it that you may see it. We will also attempt to answer any questions that you might have on the Moose fraternity. Couples with children, or who plan on having children should make a special attempt to see this fine film. Older people will be especially interested in Moose Haven, a place in Florida, that you may retire to, no matter how poor you are. The film itself is only about twenty minutes long, but it tells a long story.

On Saturday, August 29th, we will have our next enrollment by the Mt. Pleasant Degree team.

W. O. T. M.

A short business meeting was held Monday, August 17, by the Women of the Moose. The Senior Regent thanked the ladies for their help with the picnic on Sunday at Sands Park, Manistee Lake.

Prize winners in the children's races at the picnic were: girls race 10-14, Lou King; boys race 8-10, Dennis Andrews, Kal; boys under 8, Tommy Ball, Kal; boys 10-13, Harold Leas; under 10, Jack Kimball, Frederic; 3-legged race, Carol Andrews, Donna Ball, Kal; George Stevenson; all age race, Donald Crisp, Flint.

The next meeting will be September 14 at 8 p.m. with initiation, followed by baby shower for Ruth Isenbauer and potluck. Please come as a surprise in store for you.

Lillian King, Sec'y
